2026 Election for Voters

by City of Oregon

It's time to make your voice heard!

Whether you vote early or head to the polls on Election Day, take a moment to learn about the issues, review your ballot, and make a plan to participate.

- Check your voter registration
- Know where to vote
- Make a plan that works for you

Democracy starts with participation! However you choose to engage, stay informed and make your voice part of the conversation.

Happy voting, everyone!

Go to Voter Information Search to see the sample ballot for all 4 Issues below. Note:

You will need to enter your name and click Sample Ballots under Quick Links.

Issue 15 for the Oregon Senior Center

This is specifically regarding our local senior center.

"An additional tax for the benefit of the City of Oregon for the purpose of providing or maintaining senior citizen services or facilities that the county auditor estimates will collect $375,943 annually at a rate not exceeding 0.5 million for each $1 of taxable value, which amounts to $18 for each $100,000 of the county auditor's market value, for 5 years, commencing in 2026, first due in calendar year 2027"

A "yes" vote is in support of the tax to benefit the OREGON Senior Center.

A "no" vote is in opposition of the tax to benefit the OREGON Senior Center.

Issue 25 for a charter change

This is regarding data centers.

"Shall the Charter of the City of Oregon be amended to add Section 8 to Article XIII to read as follows?

Article XIII, Section 8; Prohibition of Construction of a Data Center.

(A) The construction of a data center is hereby prohibited.

(B) As used in this Section, "construction" shall mean the erection of one or more buildings, infrastructure, facilities, and related activities, which include preparations and modifications for the same, for a common purpose.

(C) As used in this Section, "data center" shall mean one or more buildings or physical facilities or infrastructure, located on a single property parcel or on contiguous, adjacent, or otherwise aggregated real property parcels that:

(1) Are used primarily or exclusively for digital information services such as the management, storage, processing, and dissemination of electronic data and information through the use of computing systems, servers, networking equipment, and related components, including equipment cooling systems; and

(2) Has an aggregate monthly demand or peak load of greater than twenty-five (25) megawatts, however derived from any energy source, or combination thereof.

(D) This section is self-executing"

A “YES” vote is in support of the charter change and Prohibition (ban) of Data Centers greater than 25MW

A “NO” vote is in opposition of the charter change and against the Prohibition (ban) of Data Centers greater than 25MW

Issue 26 for a charter change

This would put our primary on the same date as the rest.

The way it was, if a primary was to happen, it would be a stand-alone, and the city would share the cost of that with Maumee. So making this change will save the taxpayers the cost of having our own election for the primary.

“ARTICLE VIII, SECTION 2 – NONPARTISAN PRIMARY

Shall Article VIII, Section 2 of the Charter for the City of Oregon be amended as follows:

Candidates for Mayor and Council to be voted for at any regular municipal election under the provisions of this charter shall be nominated at a nonpartisan primary election to be held in odd-numbered years on the date as may be provided in the general laws of the state for holding of primary elections, if there are more than double the number of candidates to be elected to the office of Mayor or to the office of member of City Council. There shall not be a primary election if there are fewer candidates than set forth above.

Yes: Would make the change of our primary to be the same date as the standard primary

No: Would keep our primary independent of the standard primary

Issue 27 for a charter change

This has to do with the petition being used to gather nomination signatures.

“Article VIII, Section 3 – Nominating procedure

Shall Article VIII, Section 3 of the Charter of Oregon be amended as follows:

(a) Nominations for elective office of the municipality shall be made only by petition filed with the election authorities ninety (90) days prior to the date of holding the primary election.

(b) The name of any qualified elector of the city shall be placed upon the ballot for nomination as a candidate for any elective office of the municipality when there shall have been filed with the election authorities a petition signed by not less than fifty (50) nor more than one hundred (100) electors of the city

(c) The nominating petition shall contain a statement of candidacy, which shall designate a committee to represent the candidate. Both the nominating petition and statement of candidacy shall be substantially in the form prescribed by the State of Ohio for nominating petitions generally, and shall be signed, circulated, and filed in accordance with provisions of the Ohio Revised Code.”

A YES vote will have candidates now use the State of Ohio standard petition.

A NO vote would have the city continuing to use the one used now, which has been very confusing and caused candidates to not be on the ballot.
