EYE ON NORTH BERWICK

The Newsletter of the Town of North Berwick

November 2026

NOVEMBER ELECTION NEWSLETTER

This newsletter is intended to assist North Berwick voters with understanding the issues that will be voted upon at the November 3, 2026 election. The Select Board is encouraging North Berwick voters to use this newsletter as a guide to the election and to vote on November 3, 2026. **Please feel free to bring the newsletter to the polls to assist you in your voting decisions since there are no explanations on the ballot with the questions.**

WHERE TO VOTE? North Berwick Elementary School located on Varney Road between the hours of 8:00 A.M. and 8:00 P.M.

WHO CAN VOTE? You must be a United States citizen, be at least 18 years old, live in Maine and be registered to vote in the Town of North Berwick.

WHERE DO I REGISTER? You may register to vote at the Town Office, or at the polls during election day.

CAN I HAVE HELP VOTING? Yes. If you need help reading or marking the ballot, you may ask a relative or friend for assistance. The helper does not have to be a voter or old enough to vote. An election official can also help you read or mark a ballot. However, your employer or union official cannot help you vote.

HOW DO I MARK A BALLOT? The Town uses an optical scanning machine to count the completed ballots. Complete the oval next to your choice. If you make a mistake, you may request a new ballot. DO NOT ERASE.

DO I NEED TO GO TO THE POLLS ON ELECTION DAY TO VOTE? No. Any registered voter may cast an absentee ballot instead of voting in person at the polling place. Absentee Ballots are available in the Town Clerk's office during regular office hours. Any registered voter may request a ballot in person, by phone or https://apps.web.maine.gov/cgi-bin/online/AbsenteeBallot/index.pl

For the November 3, 2026 General Election, the deadline to request an absentee ballot, including a ballot voted in the presence of the clerk, is Thursday, October 29, 2026 until 5 pm, unless the voter completes a special circumstances application, stating one of four allowable reasons for requesting an absentee ballot after this deadline. The four reasons are:

- An unexpected absence from the municipality during the entire time the polls are open on election day;
- A physical disability,
- An inability to travel to the polls because the voter is a resident of a coastal island ward or precinct; or
- An incapacity or illness that has resulted in the voter being unable to leave home or a treatment facility.

This special circumstances application must be signed **by the voter**. This application can be obtained from the Town Clerk or from the Secretary of State.

All ballots must be returned by 8 pm on Election Day. If returning your ballot by mail, please plan accordingly. Any ballots received after 8 pm will not be counted.

Absentee Voting Guide

Voting is one of the fundamental rights we have as citizens of this state and country. Everyone should make an effort to cast a ballot at each election.

Maine law makes it easy to cast an absentee ballot. You don't have to be out-of-town or have any other reason to take advantage of this easy way to vote at a time that is most convenient for you.

If you would like to vote by absentee ballot, please take a few moments to review the information below. Contact your local municipal clerk or the Elections Division if you have additional questions.

Make sure you have a voice in your future - cast a ballot.

What is absentee voting and how does it work?

Absentee voting allows you to cast a ballot without going to a voting place on Election Day.

Who may vote absentee?

Any registered voter may cast an absentee ballot instead of voting in person at a voting place on Election Day. You don't need to have a specific reason or be unable to vote at the voting place on Election Day to receive an absentee ballot.

What are the steps to voting by absentee ballot?

1. Complete an absentee ballot application to get a ballot; then,

2. Fill out and deliver the ballot back to the municipal clerk, or to the Secretary of State, Division of Elections (if you are a Uniformed Service or Overseas voter).

Is there a deadline to request an absentee ballot?

For the November 3, 2026 General Election, the deadline to request an absentee ballot by telephone or online Absentee Ballot Request service is 5:00 p.m. on Thursday, October 29, 2026.

A voter may vote in the presence of the clerk during the clerk's office hours, until 5:00 p.m. on Thursday, October 29, 2026.

How do I apply for and receive an absentee ballot?

Contact Chris Dudley, Town Clerk at Town Hall. Uniformed Service and Overseas voters will request an absentee ballot directly from the Secretary of State, Division of Elections.

You can make a telephone request for your own ballot, which will be mailed to the address you provide to the clerk.

You can request your own ballot electronically using the Secretary of State's online absentee ballot request service. The approved online form can be found at the following web site: http://www.maine.gov/cgi-bin/online/Absentee Ballot/index.pl

You can make a written request by completing an absentee ballot application. Additionally, you can obtain a ballot for an immediate family member in this same way. A ballot will be mailed to the voter directly or to an immediate family member making the request. Your municipal clerk can tell you who is considered an immediate family member under the law.

NOTE: Ballots obtained by the voter or an immediate family member do not require witnesses, unless the voter receives assistance from another person in reading or marking the ballot.

Can I vote by absentee ballot in person somewhere?

Yes. You may vote absentee at the clerk's office as soon as absentee ballots are available. Absentee ballots are available at least 30 days before the election at the municipal clerk's office. You don't need to complete an application if you vote in person at the clerk's office. The deadline for absentee voting in the presence of the clerk, unless special circumstances exist, is the Thursday before the election.

For the Tuesday, November 3, 2026 General Election, voters can vote in-person absentee through 5 p.m. on Thursday, October 29, 2026.

Are there any other ways to receive an absentee ballot?

You may make a written request for a "third person" (someone other than the voter or the voter's immediate family member) to obtain and hand-deliver an absentee ballot.

You must designate, in a written request or application, the specific third person who will handle and deliver the ballot. Only this designated third person may handle the absentee ballot.

Ballots cast in this way must be witnessed by either a notary public, a municipal clerk, a clerk of courts, or 2 other witnesses.

When must my voted ballot be returned to my municipal clerk?

To be counted, voted absentee ballots must be received by the municipal clerk by 8:00 p.m. on Election Day.

If you plan to use the U.S. mail to receive or return your absentee ballot please note the following U.S. Postal Service advisories for mail delivery:

- Request your ballot no later than 15 days prior to Election Day
- Return your ballot no later than 7 days prior to Election Day

The USPS has assured us that all absentee ballots returned to your municipal clerk by mail at least 7 days prior to Election Day are guaranteed to be delivered in time to be cast and counted in the election.

If you plan to return your ballot outside of the suggested USPS delivery window, we encourage you to drop off your ballot in person via the absentee ballot drop box at Town Hall no later than 8 p.m. on Election Day; or plan instead to vote in person at the polls on Election Day.

ABSENTEE BALLOT DROP-OFF

The official, secure Ballot Drop-Box is located in the alcove on the left side of the Town Hall. The drop box is available 24 hours a day for ballot drop off and is lighted for convenient evening drop off. A video camera has been installed for security purposes.

What happens if I attempt to vote in person after I have returned my absentee ballot or vice versa?

When you vote by absentee ballot in the State of Maine, your municipal clerk will take receipt of the ballot and verify that it can be accepted. Once they do so, they will mark your name in the voter system as "AV" for "absentee voter." Thus, when they print out the incoming voter list just before Election Day, your name will already be "checked off" with the indicator marking that you have already voted via absentee ballot, and you will not be eligible to receive a ballot if you show up to vote in person.

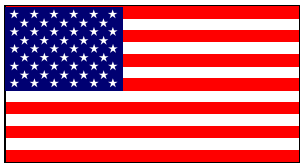

On Election Day, some voters are still dropping off their absentee ballots and the town office is still receiving some by mail. Absentee ballots are processed in batches throughout the day and the list of those newly received absentee ballots is shared with each polling place for each batch, so if the absentee voter tries to vote in person, they will not be able to do so. (And conversely, if they vote in person before their ballot arrives that day, their absentee ballot will be rejected).

How do I track the Status of my ballot?

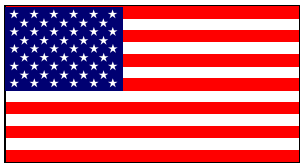

To track the progress of your absentee ballot, click on the black button at the top of the Online Absentee Ballot Request Service page that says, "Check the status of your absentee ballot." The ballot tracking system will show you the date that your absentee ballot application is accepted by your municipal clerk, the date your clerk issues (mails out) your ballot to you, and the date your clerk receives your ballot. Please note that the tracker is not updated instantaneously; the information is accessible to you after your municipal clerk enters the updates. You can use this tracking system regardless of how you initially request your absentee ballot (whether you request it directly with your municipal clerk or using the online service). If you have any concerns about your ballot, please contact your municipal clerk directly.

How do I request an accessible absentee ballot?

The Secretary of State's office is providing an accessible PDF electronic ballot option for any Maine voter who has a print disability and would like to vote independently from home. Please visit our Accessible Voting page for more information.

NOVEMBER 3, 2026 ELECTION GUIDE

GOVERNOR OF MAINE

Rick Bennett	Independent
Robert B. Charles	Republican
Hannah Pingree	Democrat

UNITED STATES SENATOR

Susan M. Collins	Republican
Troy D. Jackson	Democrat

YORK COUNTY REFERENDUM QUESTION

Question #1: "Shall the position of elected County Treasurer be abolished and replaced with a Treasurer appointed by the County Commissioners?"

TOWN OF NORTH BERWICK REFERENDUM QUESTIONS

Question #1: Shall a Comprehensive Plan amendment entitled "Proposed Amendments to the North Berwick Comprehensive Plan" be enacted"?

Proposed Amendments to the North Berwick Comprehensive Plan

Amend Land Use in Residential Areas Policy #1

Land Use in Residential Areas

Policy #1: (Underline is added language and strikethrough is removed)

> Facilitate development in the designated growth areas: Village A, B, Village Center, Commercial and Limited Commercial ~~Residential I~~, rather than in the currently zoned 'farm and forest' and proposed 'critical rural' and 'rural residential' areas. The growth areas are those zoned areas into which 50% of future growth and development shall be directed as these are served by both public sewer and public water Infrastructure.

Intent: To facilitate development in the designated growth areas served by both public water and public sewer infrastructure: Village A, B, Village Center, Commercial and Limited Commercial (Commercial II), rather than in the Farm and Forest, Shoreland Limited and Rural Residential areas (Residential 1 and Residential 2). This amendment removes the Residential 1 area which is currently designated as a Designated Growth Area in the Comprehensive Plan as this zone does not have public sewer infrastructure and limited public water infrastructure. The growth areas are those zoned areas into which 50% of future growth and development shall be directed. Pursuant to State of Maine Law, municipalities must have a designated growth area as determined by their Comprehensive Plan.

Question 2: Shall an ordinance entitled "Proposed Zoning Ordinance Amendment to Define and Prohibit Data Centers" be enacted?

Proposed Zoning Ordinance Amendment to Define and Prohibit Data Centers

ARTICLE 3 – CONSTRUCTION OF LANGUAGE AND DEFINITIONS

3.2 Definitions

Data Center: means any building or structure, facility, equipment, or portion or combination thereof, that (1) is principally designed, constructed, operated, occupied or modified to house networked computers, and/or network equipment, systems, servers, appliances, data and transaction processing equipment and associated infrastructure support equipment, including, without limitation, back-up batteries and power generators, air handlers, water cooling and storage facilities, utility substations, and other associated utility infrastructure to support operations used primarily to process, store, manage, mine, host, or distribute large loads of digital data and transaction processing services, outsource information technology services, computer data storage, transmit digital information and computer equipment colocation services, including but not limited to artificial intelligence operations, blockchain operations, cryptocurrency mining, cloud computing, colocation services, enterprise services, hyperscale data centers, edge computing facilities, or similar high-intensity computational activities; and (2) has an aggregate data center area of 25,000 square feet or greater. This definition does not include server rooms or information technology infrastructure that is accessory to the principal use of the site if the accessory use has an aggregate area of less than 25,000 square feet.

Data Center Area: means the gross floor area occupied by (1) any building, structure, facility, equipment, or portion or combination thereof, that contains the physical computing equipment comprising a data center, including but not limited to routers, graphics processing units (GPUs), switches, servers, high-density computing systems, storage systems, and other electronic and computing equipment; the physical infrastructure housing such equipment, such as data center racks and server cabinets; and any inter-equipment space and corridors used for cooling and maintenance of the physical computing equipment; and (2) any other impervious surfaces associated with a data center, including but not limited to access ways, parking lots, transmission corridors, and any accessory buildings or structures.

ARTICLE 4 – DISTRICT REQUIREMENTS
LAND USE TABLES

	Village Center	Village A,B	Resrce protect	Shorel'd Lim.Res	Shorel'd Stream	Shorel'd General	Residen Dists.	Farm/ Forest	Commc'l Dist.	Commc'l II	Indust. Dist.
DATA CENTER	NO	NO	NO	NO	NO	NO	NO	NO	NO	NO	NO

Intent: To define Data Centers and Data Center Area and prohibit the establishment of Data Centers in all Zoning Districts the Town of North Berwick.

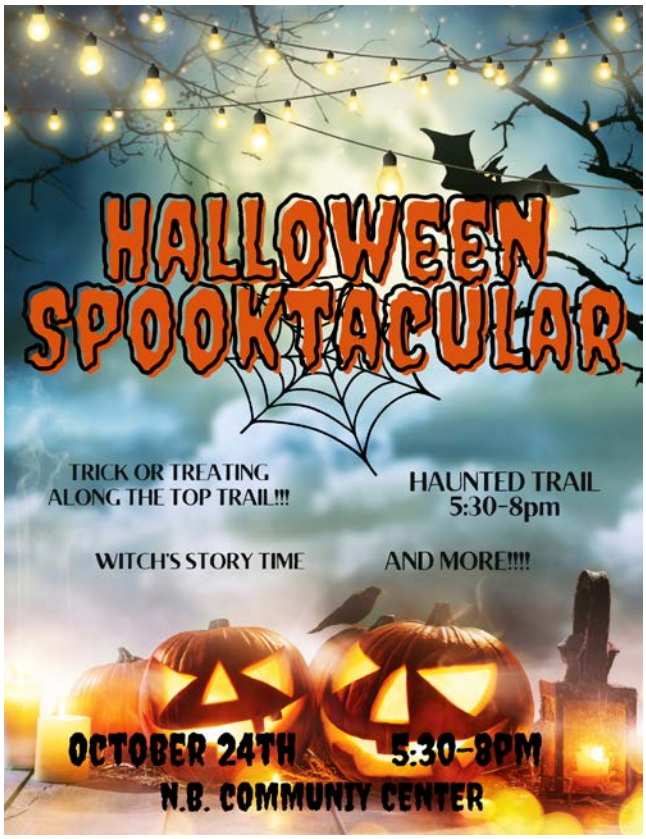

TAX RATE ESTABLISHED AT $9.75

The Select Board has established the FY2027 Tax Rate for the Town at **$9.75** per thousand dollars of valuation. This represents a **$0.40 increase** in the tax rate. For the first time in seven years, the town did not have to perform a valuation adjustment on building values for properties throughout the town. After a review of the sales data and the town's valuation data, the town's assessment ratio was 93%, which is within the acceptable range, 91-100%, to offer the full homestead exemption to property owners and to ensure that the town will receive the full reimbursement from the State for programs such as Revenue Sharing and BETE reimbursement which represents over $2.1 million dollars that helps offset property taxes.

$ 9.75 Tax Rate

	FY2026	FY2027	Difference	Combined Diff
Municipal Appropriation	$ 3,724,353.00	$ 4,031,954.00	**$ 307,601.00**	
TIF financing plan amount	$ 23,805.15	$ 24,073.00	**$ 267.85**	**$ 317,253.56**
Overlay	$ 571,482.30	$ 580,867.01	**$ 9,384.71**	
School/Educational Appropriations	$ 7,794,755.00	$ 8,359,247.00	**$ 564,492.00**	**$ 564,492.00**
County Tax	$ 469,947.00	$ 498,904.00	**$ 28,957.00**	**$ 28,957.00**
Totals	$ 12,584,342.45	$ 13,495,045.01	**$ 910,702.56**	**$ 881,745.56**

ANNUAL TOWN MEETING RESULTS
BUDGET RESULTS

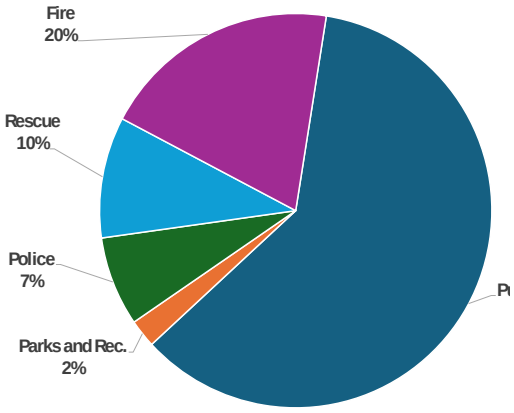

Municipal Budget

Town Meeting was held on Saturday, April 18, 2026 at the North Berwick Elementary School and was attended by 85 citizens. The results of the budget are as follows for Fiscal Year 2027:

Approved Expenditures

	FY26	FY27	% Inc(Dec)
Public Works	$626,615.00	$705,765.00	12.63%
Capital Imp.	$994,706.00	$1,108,528.00	11.44%
General Gov.	$1,487,226.00	$1,550,055.00	4.22%
Emergency Ser.	$2,785,685.00	$3,077,885.00	9.70%
Library	$377,300.00	$410,063.00	8.68%
Parks and Rec.	$152,925.00	$181,675.00	18.80%
Health and Social	$387,343.00	$402,525.00	3.92%
Other	$52,160.00	$51,626.00	-1.02%
Debt	$95,915.00	$95,915.00	0.00%
TOTAL	*$6,959,875.00*	*$7,584,037.00*	*8.66%*

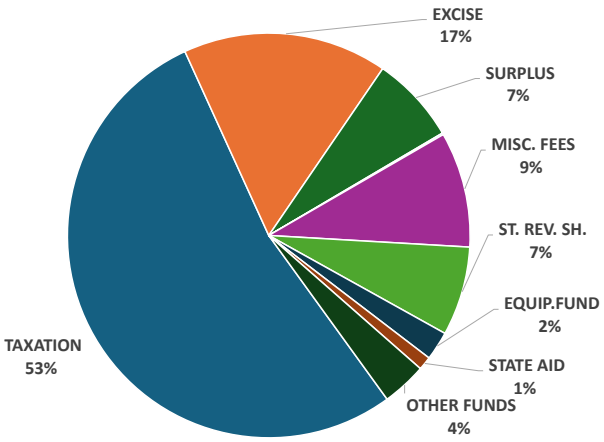

Capital Improvement Budget

	FY26	FY27	% Inc(Dec)
Public Works	$605,000.00	$730,000.00	20.66%
Parks and Rec.	$45,000.00	$27,750.00	Impact Fees
Police	$55,996.00	$88,448.00	55.18%
Rescue	$40,535.00	$119,640.00	195.15%
Fire	$238,175.00	$170,440.00	-28.44%
TOTAL	*$994,706.00*	*$1,108,528.00*	*11.44%*

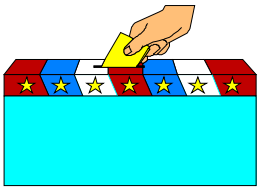

Approved Revenues

	FY26	FY27	% Inc(Dec)
Taxation	$3,874,588.00	$4,031,954.00	4.06%
State Rev. Sharing	$539,755.00	$540,150.00	0.07%
Excise Tax	$1,184,185.00	$1,244,765.00	5.12%
Equipment Fund	$206,996.00	$175,000.00	-15.46%
Misc. Fees:	$688,500.00	$700,005.00	1.67%
Road Block Grant:	$82,000.00	$82,000.00	0.00%
Enterprise Fund	$247,000.00	$245,700.00	-0.54%
Designated Surplus	$10,000.00	$10,000.00	0.00%
Other	$15,000.00	$25,000.00	33.33%
Undesignated Surplus	$279,360.00	$529,463.00	86.19%
TOTAL	*$6,959,875.00*	*$7,584,037.00*	*8.66%*

County Budget: The York County Budget assessment to the town increased by $28,957.00 for FY27. The Town of North Berwick's portion of the County Budget for FY27 is $498,904.00.

Education Budget: This year the overall SAD #60 budget ($52,299,009.00) increased by $2,404,418.00 or 4.6%, and the district had an increase of taxation ($28,855,183.00) to the three communities totaling $2,288,192 or 7.93%. The town's share of the SAD 60 budget is $8,359,347.00 or a $564,592.00 increase. North Berwick's percentage of SAD 60's cost has decreased this year from 29.34 % to 28.97% due to the Town's State valuation and lower pupil count. Berwick's share of the education costs are 39.39% ($11,366,056.00 which represented a $967,736.00 increase) and Lebanon's share is 31.64% ($9,129,780.00 which represented a $755,864.00 increase).

VOTING RESULTS

The following individuals were elected into office during voting at Town Meeting;

Rebecca Reed, Selectboard
Richard DeCato, SAD 60 Board
Stephanie Camire, Cemetery Trustee
Patricia O'Connor, Cemetery Trustee
James Muthig, Water District Trustee
Carl Works, Water District Trustee

Maurice Dolbec, Sanitary District Trustee
Daniel Baker, Budget Committee
Julie Fernee, Budget Committee
Lincoln Harrison, Budget Committee
Mark Rouillard, Budget Committee

REFERENDUM QUESTIONS

Question #1: Shall an ordinance entitled "Proposed Zoning Ordinance Amendment to Amend Bed and Breakfast Definition" be enacted?

Yes 402
No 175
APPROVED

Question #2: Shall an ordinance entitled "Proposed Zoning Ordinance Amendment to Allow and Regulate Special Event Centers or Facilities as a Conditional Use" be enacted?

Yes 363
No 217
APPROVED

CAPITAL IMPROVEMENTS – *UPDATES IN BOLD*

Police Department:

Police Cruiser: This year, voters approved the replacement of 2 cruisers: one of the frontline cruisers and the detective vehicle. The Town currently maintains 6 SUV's in our fleet and we have found that the maintenance costs are significantly less than the standard cruiser even as the vehicles age. The SUV model also allows the department to respond to emergencies in all types of weather. Due to the limited availability of cruisers, the town approved permission to purchase the new front line cruiser prior to the beginning of the fiscal year. For the detective cruiser, the voters approved purchasing a used vehicle to contain costs for the year

The Town purchased a 2026 Dodge Durango Pursuit vehicle for the frontline and a used 2012 Dodge Charger for the detective car.

Public Works:

Public Works Wheeler: voters approved the replacement the 2002 Sterling Dump Truck this year with a wheeler. The Town replaces its plow trucks on a 25 year cycle and the current Sterling is 25 years old this year. It is planned to purchase a Western Star 47X.

The Western Star 47X has been ordered and it is expected to be received by the Town by mid-winter.

Rescue:

Cardiac Monitor: The cardiac monitors currently in service were more than 12 years old, well beyond the typical service life for critical emergency medical equipment. Of the units we operate, only one remains fully functional. Replacement parts for the non-functional components are no longer manufactured, making repairs impossible and creating increasing reliability concerns. This presents a significant operational risk, as cardiac monitors are essential for patient assessment, cardiac rhythm interpretation, defibrillation, pacing, and advanced life support interventions.

The cardiac monitor was purchased by the Town and the Rescue Squad purchased the second monitor with funds from their revenues.

Fire Department:

Fire Department Radios: With the improvements made to the Communications system, the Fire Department Radios continue to be in need of replacement. Over the next several years, it is planned to replace all the mobile units with upgraded dual band radios and upgrade the vehicle radios as they are obsolete and reaching their service life expiration. This year, voters approved replacing 6 mobile radios for the officers of the department to operate as a crossband repeater system, greatly increasing North Berwick Fire to communicate with other communities on mutual aid events.

The radios have been purchased and placed into service.

Parks and Recreation

Community Center: Voter approved the installation a new water fountain with a Bottle Filling station, installation of a washer and dryer combination unit for the washing of items at the Community Center and for sports clothing, addition a communications board for children with disabilities and refurbish the soccer benches and one of the storage sheds. The funds for these improvements will come from the Impact Fee Fund.

The bottle filling machine and washer and dryer have been installed. The shed and the benches will be refurbished in the Spring of 2027 and the communications board will be purchased this fall.

Bruce Abbott Park: Voters approved the replacement the current dock system with an aluminum Shore Master dock system. The previous dock was over 15 years old and in need of repairs. The new dock system is shaped like an I to allow for the use of small boats and canoes while preventing the use of larger watercraft which are not allowed and protecting the shoreline from erosion caused by the dragging of watercraft into the pond.

The new Shore Master dock system was installed prior to the summer season.

ROAD PROJECTS

FY2026 ROAD CIP

BOND ISSUE: In 2023, voters approved a $1,000,000.00 bond to assist with the maintenance of the Town's Road network. Voters approved the third payment for the Boad in the amount of $128,640.00.

Proposed projects for this year:

Chadbourne Lane: Shim and Overlay from entire length. – **This project has been completed.**

Morrells Mill Road: Shim and Overlay entire from Bridge to Route 4. - **This project has been completed.**

Pheasant Hill Drive – Shim and Overlay from entire length. - **This project has been completed.**

Cider Mill Pond Road – Shim and Overlay from entire length. - **This project has been completed.**

Fire/Rescue Station Update

Over the past 10 years, the town has been appropriating $50,000.00 a year for the planning of a new Fire/Rescue Station. In December 2018, the Select Board in conjunction with the Planning Committee, entered into a contract with Port City Architecture to complete a feasibility study for the new facility. The proposed facility was proposed to house both the Fire Department and Rescue Squad on land owned by the Town on Lebanon Road, incorporating the existing Rescue Squad Building into the design. This land is geographically located in the center of the Town. Port City Architecture completed a feasibility study in the Summer/Fall of 2019. Conceptual Plans have been created of the proposed new Station; however, final design has not been completed. In 2024, the Select Board voted to accept Port City's recommendation to pursue a design build project at an estimated cost of $4.3 – 5 million.

In April of 2024, the Town applied for a Congressional Discretionary Spending (CDS) Grant through Senator Collins office. Senator Collins had included the construction of the new station on her Congressional Discretionary Spending List, however, this appropriation was not approved by Congress. In 2025, Senator Collins once again supported the Town's project as part of her CDS project list and the Town is happy to report that the funds were approved by Congress and signed into law by the President. The Town will receive $3.4 million to assist in the construction of the new station. Last year the Town voted to bond $1.5 million and along with the $478,000.00 in reserves this should fully fund the anticipated $4.6 -$5.5 million construction project (increase in projects costs from initial estimates).

The Town's grant application has been approved by HUD and the Town's bond application has been approved by the Maine Bond Bank.

The Town has begun the new Fire and Rescue Station design and has contracted with Port City Architects for the design/construction administration and has contracted with Jewett Construction from Fremont, NH to construct the new station. It is anticipated that the completed design of the station will be completed by January 2027 with construction to begin in Late April/Early May with a December 2027-January 2028 completion date. As the plans are finalized, they will be placed on the town's website for viewing.
